The emphasis will be on:

- 1. Completion of the installation of the diagonal braces in the first wing.**
- 2. Checking the squareness of the wing.**
- 3. Reinstalling the fabric covering. Actually this will be a demonstration of the techniques to do a major fabric patch..**
- 4. Covering of the bottom of the fuselage may also be on the agenda.**

We are hoping for clear skies and no wind. The food will be courtesy of our rotating fleet of culinary volunteers (Jacqueline and our other Denver kids and Willie Jung).
